About Special Education Professionals

Special Education Professionals—SEP Kenya is a non-profit organisation working with children with disabilities. Its multidisciplinary team of occupational therapists, special needs teachers, physiotherapists, speech and language therapists, and psychologists offers training for professionals, families and caregivers. SEP aims at creating awareness and strengthening the inclusion of children with disabilities in school and society.

SEP Toys

SEP
SPECIAL EDUCATION PROFESSIONALS

SEP designs educational and fun toys that help children learn cognitive, motor, sensory and daily life skills. To acquire these skills is an important step towards independence in daily life, e. g. for dressing and eventually for scholar activities. All toys can be washed.

The proceeds from the toy sales will go towards supporting children with special needs from low income families in Kenya.

Mini Memory KSh. 4000/=

Mini Memory is a game to challenge your memory! Can you remember seeing a pair of the same small objects? Lift up the pot and find out... This game is perfect for young children as it involves touch as well. This game comes with two bags.

+ Practicing memory, sensory (visual and touch) and fine motor skills. Also an excellent tool to stimulate language development.

3 Above 3 years as small items are included, unless supervised

m Textiles, wadding, laces, small items: wood, soapstone, pearls, bone

Matching Mat KSh. 4000/=

A colourful game for your little ones, and can be accompanied by the song: "What's in the bag?" The items have different textures. Pick an item from the bag and place it on the corresponding colour on the mat. Why not try to pick a requested item just by feeling? This game comes with a bag.

+ Stimulates fine motor, sensory, and cognitive skills. Stimulates different grips. Also an excellent tool to encourage language development.

2 2 years onwards

m Textile mat, wadding, laces; textile rabbits, textile bears; plastic items (9 colours)

Matching Tower

A fun game to match colours, and items. Pick an item out of the box and place it on the outside in order to fit with the pattern.

+ Cognitive and fine motor skills

2 2 years onwards

m Metal box, tape, Velcro, small items in plastic and sisal

KSh. 1000/=

Tortoise KSh. 5000/=

Tortoise is an attractive animal for many children. This tortoise has different patterns to match on its shell. Remove the items from the tortoise's back and put them back according to the patterns.

+ Practicing sensory (visual and touch), cognitive and fine motor skills.

2 2 years onwards

m Textiles, Velcro, wadding

Caterpillar

The Caterpillar is full of nice patterns to match with velcro, so find the correct sequence! Small babies love to look at this caterpillar, and pull it apart.

+ Practicing sensory (visual and touch), cognitive and fine motor skills

2 2 years onwards (6 months for first contact)

m Textiles, Velcro, wadding KSh. 4000/=

Gecko KSh. 4500/=

The gecko is a colourful textile puzzle. The child can practice different closures in a funny way. The different parts can be taken off and assembled again, it is easy to handle.

+ Learning closures as part of daily activities, and stimulating cognitive skills to put the puzzle pieces together.

3 Kindergarten and early primary school age

m Textile: 9 pieces, 7 closures: buttons, zips, Velcro, belt, laces, loops, and a pressure button hidden in the mouth

Tree KSh. 8000/=

The Tree is another fun game where you need to find the bird with its matching egg. They both make the same sound. So shake, squeeze and listen...

+ Practicing sensory (auditory and touch), and fine motor skills

3 Kindergarten

m Textiles, Velcro, and different items inside the birds and eggs: bell, coins, marbles, wrapping paper, squeaking item, shakers
